## COMMENTS FROM THE TOWN MANAGER'S OFFICE

The sidewalk and gutter on Main Street was hot topped this past week. The paving company was in town and I asked them for a price for the job. The selectmen thought the price was reasonable and they authorized the job. The curb was too high in front of the post office and other buildings along the street. If the sidewalk had been hot topped without repairing the gutter, the car bumpers would have dragged on the sidewalk and ripped the hot top off.

The sidewalk was in very poor condition and several people have complained of tripping or turning their ankle. If the improvement meets the approval of the people, a program can be arranged and a section of sidewalk can be improved each year.

The selectmen have interviewed two more consulting engineering firms. A company must be hired to make a study of the existing sewer system and make recommendations for a treatment facility. The sewer study will have a bearing on future sewer work and it will recommend the type of treatment that is used. There are several types of treatment and the price tag on the different types vary both in initial cost and operating cost.

Four of the selectmen and I went to Sanford last Saturday to see the sewer treatment facility in that town. The treatment is accomplished by stabilization lagoons. The group was very impressed by several factors. The installation cost of this type facility is usually much less than any other type.

The operating cost for the town of Sanford has been very low. The degree of purification at the Sanford lagoons is very favorable. Any doubt about the adequacy of that type treatment would be dispelled by a visit to Sanford. I am sure that the selectmen would be glad to answer any questions that anyone might have about stabilization lagoons.

The selectmen will interview two more consulting engineering firms before a firm is hired to make a study. After a firm is hired, it takes a few months to get approval of the various governmental agencies before the study is actually made. The study for Bethel will be made some time this fall.

Michael Houlihan

The WACS will hold their birthday supper May 20 at 6:30 p. m. at the home of Mrs. Abbie Brown. If not solicited would members please bring a casserole or salad.

The Gould Academy faculty May breakfast was held Saturday morning with Mrs. Edmund Vachon as hostess. Mrs. Estelle Grogan was given special recognition with the presentation of a gift.

Mrs. Grace Bartlett returned home Wednesday from the Floyd nursing home, Hartford, where she had been since December. Mrs. Clara Parren is staying with her. Mrs. Wilbert Bartlett of Hampden visited her Wednesday and Thursday.

## MEDICAL SELF-HELP FIRST AID COURSE POORLY SUPPORTED

On Tuesday evening a small group of interested citizens met for the first of nine sessions designed to care for himself and others in the event medical help is not available.

Two or three months ago, various individuals and groups asked the local Civil Defense and Public Safety Organization to provide the citizens of Bethel with a first aid course.

Since that time, a great deal of work has gone into the preparations necessary to bring the citizens of Bethel the best training possible. The classes have been scheduled for Tuesday and Friday evenings from 7:30 to 9:30 at the Crescent Park School (with the exception of Friday, May 14, because of the spring concert).

The group which met Tuesday evening for a very interesting, first session, consisted of two instructors, the Civil Defense Medical Administrative Officer, the local Civil Defense Director, and two other persons. Plans are going ahead for the second session as scheduled for Tuesday, May 18. If a small token of cooperation by attendance at this session is not forthcoming the course will be discontinued. Citizens of Bethel are urged to register with Mrs. Phyllis Dock or a member of the Civil Defense.

The enrollment for this course will, of necessity, be limited to approximately 25 persons. If the call should be great enough, another course may be offered in the fall.

Roy Tripp, Bernard Powers and Warren Powers of Newry are attending the Wednesday evening classes in Civil Defense in Ramford.

Mr. and Mrs. Rupert Conroy and two children of Reading, Mass., spent Mother's Day week end with Mr. Conroy's mother, Mrs. Dellison Conroy.

The Eleanor Gordon Guild mother and daughter banquet was held Wednesday evening, May 12 at Sunday River Inn. The program was as follows: Reading, "Meaning of Mother's Day," by Mrs. John Greenleaf, Devotions led by Mrs. Ernest Blake; Toast to Mothers, Mrs. Eldon Greenleaf; Toast to Daughters, Mrs. Mariah Webster. Those present were: Mrs. John Greenleaf, Mrs. S. S. Greenleaf, Mrs. Avery Angwine, Mrs. Elwin Brown Jr., Mrs. Thomas Kenning, Mrs. Donald Hess, Mrs. Richard Bean, Mrs. Arthur Johnson, Mrs. Gayland Dooey, Mrs. Jimmy Kimball, Mrs. Richard Blake Jr., Mrs. Clarence Rolfe, Mrs. Frank Lowell, Mrs. Daniel Forbes, Mrs. Albert Buzk, Mrs. Gordon Gorman, Mrs. Ernest Blake, Mrs. Rena Abbott, Mrs. Eldon Greenleaf, Mrs. Mariah Webster, Miss Mina Stevens, Mrs. Wal-

## AUDIENCES ENJOY "CARNIVAL" AT GOULD ACADEMY

On the evenings of May 7 and 8, the musical "Carnival," produced by the Theatre Arts Department of Gould Academy, was performed on the stage of the Bingham Auditorium. The characters, under the direction of Miss Lucille Brouillard, James Owen and Frank Vogt, brought to life the spirit of "Schlegel's Grand Imperial Cirque de Paris."

The leads were played by: Jane Look, who won the hearts of the audience with her portrait of Lili the orphan, Greg Glines who displayed his talents in acting and singing in his role as Paul the bitter puppeteer, Laura Sawyer, whose appearance as Rosalie the magician's assistant were some of the high spots of the show, and Jane Wardwell, Five Platonic Solids; Jean Wardwell, The Seven Bridges of Konisberg; Franz Martin, Topology; Shirley Morgan, Mathematics and Heredity; Raymond Seames, The Nomograph. Class B—Evelyn Seames, Peacock's Linkage; Joyce Farwell, Surveying; Craig Morgan, The Duodecimal System. Class C—Paula Howe, An Original Finite Number System.

First honors were awarded to Diane Farrar, Franz Martin and Shirley Morgan; second honors to Jane Wardwell; and third honors to Jean Wardwell.

In the afternoon Richard Anderson, Systems Engineer in the Data Processing Division of IBM spoke to grades 9-12 on "Computer Mathematics." In Haux Auditorium a Nasa Spacemobile Demonstration was given for grades 5-8 by a representative from the National Aeronautics Space Agency.

**P. T. A. ELECTS FOR ENSUING YEAR**  
The May meeting of the Parent Teachers Association was held at the Crescent Park School on Tuesday evening, May 11th.

Officers elected for the following year are as follows: Stanley Davis, President; Marilyn Parker, Vice President; Jean Bailey, Secretary; Gail Scribner, Treasurer.

The program was a showing of the Bonny Eagle film, followed by open discussion with members of the Bethel Steering Committee on the future school needs of Bethel.

Sunset Rebekah Lodge, No. 64, held a special meeting at the IOOF Hall, May 6. All officers present, Mrs. Gladys MacDroy, Warden of the Rebekah Assembly of Maine, D. D. P. Barbara Buck and her D. Marshal were guests. The meeting was presided by a pot luck supper.

## WEST PARIS

—Mrs. Roxie Iman, Corres.—  
Miss Agnes Gray is spending a few days in Massachusetts.

Mrs. Norman Mills and Mrs. Maurice Benson have returned from a three weeks trip in Holland and other European countries.

Maurice Benson left this week on a trip to Sweden.

A party honoring Mrs. Norine Ring on Mother's Day was held at her home. Guests present were Mr. and Mrs. Thomas Gagne and Maureen, Scarborough; Mr. and Mrs. Clifton Johnson and family, South Paris; Mr. and Mrs. Stanley O. Andrews, Mrs. Donna Andrews, Mr. and Mrs. Henry Waisanen and family, Mr. and Mrs. Purward Ring and family, Mr. and Mrs. Toivo Waisanen and family, and Mrs. Ring, Neil Howard, Oakland, in boarding with Mrs. Ring, at present.

Harry Millett, U. S. Navy, is spending a short leave with his grandparents, Mr. and Mrs. Arthur Buck.

Richard Hibler, U. S. Navy, spent the week end with his parents, Mr. and Mrs. Stanley Hibler.

## WHIRLWIND. by TORO

As your grass grows, it lies flat. It's hard to cut. But Toro's Whirlwind® with "Wind-Tunnel" action has so much pulling force... it actually pulls the grass up for a more even cut. Then it discharges clippings swiftly, smoothly. Bags beautifully. Leaves your lawn spotless. \$69.95 to \$149.95.

Come in... see both 15" and 21" Whirlwinds by Toro.

### 20 SECONDS WITH THE NAZARENE

When our President travels, elaborate precautions are taken. The stacks are tested; traffic is restricted; the pilot engine goes on before. It is not enough that the secret service men surround him, even on the presidential train, but he must also be guarded by those who go on before.

So it is with the Christian, who has been made a King through His who loved us, thus wonderfully suggesting our sense of safety by the prevalent wisdom of our loving Lord.

Rev. Jackson

Fellow Alumni:

Since the announcement of February 1965 on the possible merger of Gould Academy with the University of Maine, I have received several letters from Alumni, in addition to some written to the editor of The Oxford County Bethel Citizen.

I believe the answers to the several questions contained in these letters are in the text of an address given by Mr. William Throop at the Greater Bethel Chamber of Commerce on April 5, 1965.

For this reason Mr. Throop's address is enclosed with our spring news letter. You will, I am sure, find it thorough in explaining the time and effort the Trustees have devoted to the study of the various alternatives open to Gould in the solution of its problems.

Sincerely,  
Edward F. Wheeler  
President  
Gould Academy  
Alumni Association

Condensation of Address by William M. Throop, Jr., at the Bethel Chamber of Commerce, Bethel, Maine, April 5, 1965.

Introduction by Dexter Stowell: Mr. Throop graduated from Princeton University in 1947 and Yale Law School in 1950. Since that time, he has been associated with the firm of Davidson, Dawson & Clark of New York City, becoming a member of the firm in 1956.

He worked closely with Sidney W. Davidson, President of the Board of Trustees of Gould Academy and counsel to the late William Bingham, 2nd, on Mr. Bingham's legal affairs and was responsible with State of Maine lawyers for the legal work in connection with the settlement of Mr. Bingham's estate. He was elected a trustee of Gould Academy in June 1961 and following the death of Mr. Bingham's physician Arthur L. Walters, M. D. in 1961 Mr. Throop succeeded him as a trustee of the Betterment Fund under Mr. Bingham's will. He had been a member and Trustee of the Bingham Associates Fund since 1961. He was appointed to the Gould Academy Planning and Development Committee in October, 1963.

Mr. Throop: Thank you, Dexter. It is an honor to be here. I plan to speak briefly about recent developments affecting the future relationship between Gould Academy and the Town of Bethel.

Many of you will recall Dr. Payson Smith, Gould's long time Educational Advisor who had been Commissioner of Education of the State of Maine. Dr. Smith had informed Gould's Headmaster Emeritus Elwood Ireland many years ago of his conviction that Gould could not continue indefinitely to serve effectively a dual function as a public high school and as a private preparatory school.

It was not until 1961 that a problem arising out of this dual function had become acute. By that time the increasing day enrollment had resulted in substantial overcrowding of the Gould facilities. Although Hancerson Hall had been designated to accommodate 225 to three months with Mr. and Mrs. Lucian Daquett on the North Road.

Mrs. Edith Quimby who has spent the winter with her son, Custer Quimby and family, in Raymond, N. H., arrived here Friday to spend the summer at her camp.

Mr. and Mrs. Harry Taylor Jr. and son of Beeson Falls, Conn., spent the week end with his parents, Mr. and Mrs. Harry Taylor Sr.

Mr. and Mrs. Leonard Whitling of Gorham, N. H., spent a few days at their home here this week.

Mrs. Rachel DeCoster and daughter, Mrs. Nancy Corbitt and children were guests of Mrs. DeCoster's mother, Mrs. Tilton York in Orono Saturday.

During the course of the session year 1963-1964, another development occurred which further accelerated the need for a solution to the problem. The State Department of Education notified Gould Academy that unless Gould instituted vocational training and courses designed especially for the slow learner, Gould faced loss of accreditation in 1970. The State Department had concluded the school was not a special school, it must be a comprehensive school. Gould did not fit into a category in which it could qualify as a special school; therefore, in order to be accredited, it had to be a comprehensive school.

The change in State policy effectively ruled out the possibility that Gould could continue to serve only those who qualified for an academic course, and meant that Gould had to make some change in its established program.

By the end of the session year 1963-1964 the Committee had concluded that four alternatives were available to Gould:

(1) Gould could continue to serve day and boarding students as a traditional academy but in so doing it would have to institute vocational courses and courses for the slow learner.

(2) Gould could cease to serve as the local high school and become a private preparatory school for boarding students.

(3) Gould could turn the plant over to the Town to use as a high school and the boarding department.

(4) Gould could become an institution of higher education serving the Bethel area.

In analyzing these alternatives, the Committee reached certain tentative conclusions. So far as the comprehensive school was concerned, it seemed clear that substantial funds would be required for additional academic and vocational facilities and also for additional boarding facilities in order to reduce the imbalance between the day and boarding students. Under existing law no funds to one such expenses would be forthcoming from public sources because Gould was an independent school. While grave financial problems were involved in this course of action, it was clear that the committee determined to consider carefully.

The idea of becoming a boarding school did not appeal to the Committee or to any of the Trustees. The residents of Bethel would not benefit, as there appeared to be no demand in the State for additional boarding school facilities. If Gould became a boarding school a large part of its enrollment would undoubtedly come from outside the State.

The possibility of turning Gould over to the Town of Bethel to serve as a high school seemed unsound from the town's point of view. To Gould plant is large and expensive to maintain and the operating cost to the Town would have been high. Further, the Town would have no use for the dormitory and dining facilities.

The fourth possibility - that of going into higher education - deserved careful study because it offered an opportunity for Gould to be of service to the surrounding area. It would also fill a pressing need of the State of Maine as recommended by the State Department of Education to be met by every other state in the country (as well as the District of Columbia) in the percentage of high school graduates going on to college work.

The Committee reported its conclusions to the Board of Trustees in June, 1964, and the Board authorized the Committee to analyze the problem.

At the same time, the Board of Trustees passed a statement to be published in the Bethel Citizen to inform the residents of Bethel as to these developments. This statement was published with the following words:

"In the course of its study the Trustees of Gould have worked closely with town and school committee officials and the end that a sound decision can be reached in the best interests of Gould and the Town of Bethel."

250 students, total enrollment was then close to 350. In addition the growing imbalance between the day department and the boarding department made it increasingly difficult to attract boarding students of high caliber. It has been possible to maintain the high standards of the boarding department only because of Gould's outstanding physical plant and the extremely effective work of Mr. Ireland, Mr. Vachon, Mr. Richardson and others.

After careful study the Board of Trustees concluded in June of 1962 that commencing with the academic year 1962-1963, no new students could be accepted from Hancerson, Waterford and Bryant Pond. This would alleviate some of the overcrowding, but was at best a temporary expedient. To this end the President appointed a committee to study increasing enrollments, of which Messrs. Ames, Hastings and Vachon were members, and a committee to confer with the local school board of which Messrs. Stowell, Thurston and Vachon were members.

The Board of Trustees also concluded that the Town of Bethel should have a statement of Gould's policy with respect to day students. In December, 1962 a Declaration of Policy was printed in Bethel Citizen, which contained three main points:

(1) The Board planned to continue the established courses Gould and to offer primarily as at Gould and to offer primarily a program of academic subjects.

(2) The Board was determined to maintain Gould's high standing. In 1960 when the state accredited various secondary schools throughout the state, Gould was the only school to receive a 10-year accreditation; others received accreditation for shorter periods. This was a recognition of which the Trustees of Gould and the Town of Bethel were properly proud, and the Trustees were determined to see that the students were maintained at that level.

(3) The Board "would from time to time adopt such policies with respect to day students as the circumstances require."

The Board was well aware that this Statement of Policy was not the final answer and that the policy did not provide a complete solution to the educational needs of the Town of Bethel or the surrounding areas. Some Bethel students could not do the work required by the Academy; others wished to have vocational training which Gould did not offer; students from surrounding towns which had in the past been served by Gould did not have adequate educational facilities; the continuing imbalance of the day and boarding student enrollment had adverse effect on the attractiveness of the boarding department; and finally, there were continuing deficits which were met each year by the Bingham Trustees.

In October, 1963 the Board of Trustees authorized the President to appoint a special committee to analyze the alternatives available to Gould. The Committee was composed of Messrs. Stowell, Vachon, Davidson and Throop. The Committee determined to keep in mind throughout its considerations two guiding principles:

First, Gould had served the Town well for over 127 years and the relationship between Gould and the Town should not be changed if there was any sound way of continuing it. All the Trustees felt a strong responsibility in this respect.

Second, what ever course of action Gould should adopt should be sound from a long range point of view. It should not be merely a temporary expedient.

Throughout the fall of 1963 and the spring of 1964, the Committee conducted an intensive study of the problem. In addition to frequent conferences during the course of the year, Messrs. Vachon and Stowell met with representatives of the State Department of Education, with the heads of other schools serving both day and boarding populations, with the Presidents of State of Maine colleges and with the heads of colleges in Maine and elsewhere.

During the course of the session year 1963-1964, another development occurred which further accelerated the need for a solution to the problem. The State Department of Education notified Gould Academy that unless Gould instituted vocational training and courses designed especially for the slow learner, Gould faced loss of accreditation in 1970. The State Department had concluded the school was not a special school, it must be a comprehensive school. Gould did not fit into a category in which it could qualify as a special school; therefore, in order to be accredited, it had to be a comprehensive school.

## Four Students Taken into Andover High National Honor Society

On May 7 at the Gymnasium an initiation of four new members for the Andover Chapter of the National Honor Society was held. The present members marched in with their advisor, Charles Cutting, who gave this welcome and reminded the students what an honor it was to be elected for this national organization.

President, Victoria Miehau, lighted the first candle that represented "Spirit of the Torch." Secretary Julia Akers lighted the candle of "Character"; Treasurer, Patricia Evans, the candle of "Scholarship"; Historian, Geraldine LeBlanc, the candle of "Leadership" and Treasurer, Margaret Smith, the candle of "Service." Each one explained what her candle meant.

President Miehau then recited the Pledge and the newly elected members, Miss Rosalia Bailey and Fred Emerson of the Senior Class; and Miss Nancy Gover and Miss Sandra White, of the Junior Class repeated the Pledge. Secretary Akers presented the N. H. cards and pins to them. Each new member then came forward and

## GIRL SCOUTS

Junior Girl Scout Troop No. 523 had its final meeting Tuesday, May 4, at the home of their leader, Mrs. Stanley Davis. Refreshments were provided by Mrs. Davis and games of softball were enjoyed by the girls. The following girls received badges: Mary Cummings, Gypsy and Sign of the Arrow; Bonnie Mills, Gypsy and Sign of the Arrow; Carolyn Tyler, Backyard Fun.

The girls will be working on badges during the summer. Girls were asked to bring and help serve refreshments during the like safety program on Saturday, May 8. Orders were taken for roller skating pictures. The girls made a Maybasket for Mrs. Betty Robertson and delivered it to her. She was surprised and very pleased. Girls were reminded to meet at the Legion Rooms at 1:30 Sunday, May 30, for marching in the Memorial Day parade. Please wear uniforms.

As leader of these girls for three years, I would like to thank them for the lovely tray I received. I have enjoyed working in this capacity and would like to thank the parents and the troop committee for their kind cooperation.—Mrs. Davis.

The MEC Club of the Bethel Lodge enjoyed an outing with a dinner at Madison Inn, Monday night, May 10.

## GOULD STUDENTS WIN FRENCH HONORS

Three Gould students, Willard Boynton, a senior, and Alexis Desloches and Martha Laws, juniors, have been cited by the Maine Chapter of the American Association of the Teachers of French for their performance in the recent Maine contest of the Association. Miss Desloches placed first in French III, Will Boynton placed second in French IV and Miss Laws placed fourth in French II.

## MAIL BOX IMPROVEMENT WEEK MAY 17th TO 27th

Many boxes, which are the highway billboards of the postal service, have become unsightly with rust, unserviceable due to a leaky condition, broken doors or no lids, missing signals, no name, supports being bent or rotted and needing replacing, weeds and wild grass grown around the supports and approaches, and in many places the ground is rough and full of shirk holes.

The Post Office Department asks patrons to cooperate in improving their mail box equipment, during this period, May 17th to 22nd. It desires that the routes become a source of pride for the patrons, the Post Office Department and the carriers. For those patrons desiring additional information on the proper size and height for their rural box, they may gain this information from the postmaster or the rural carrier.
